### **Family names & ages:**

Mark (your age)  
Heather (33) husband Dan, and children Jake (3) and Ruby (1) live  
in Highland, UT, 30 minutes south of Salt Lake City  
Corey (31) wife Rebecca, dogs Zhela and Benzer, and cat Brody (may be  
as good as it gets) live in Colorado Springs

### **What's happening in our family?**

Mark and I celebrated our 38th anniversary this summer. Our goal is to relocate to the Sandy/Draper area, just south of Salt Lake City to be closer to our grandkids.

Heather's ISU degree took her to Oregon where she worked in alumni events and fund raising in higher education for 9 years. Her husband Dan works for ASML, a company that creates computer chips. Dan works onsite for their customers implementing and maintaining equipment. His job took them to the Micron plant in Utah in 2006. Currently Heather stays home with Jake and Ruby and teaches fitness at local health clubs.

Corey graduated from Colorado College with a major in Physics. He also worked for ASML for 6 years in the Colorado Springs Intell plant. In 2006 he joined his wife Rebecca in education. They currently teach at Sierra High School in Colorado Springs. He is the Math department chair teaching algebra, robotics and physics. Rebecca is the Science department chair teaching biology and general science.

Just a few weeks ago we had a big family reunion. Our kids, their spouses and our grandkids came back to IA for an outdoor picnic in Cedar Rapids with the Milner and Fitzpatrick sides of the family. Somehow with extended family we hosted 45+ adults and kids. Many young cousins met each other for the first time. It was a blast with many comments like "how do you live in this heat and humidity?", and "that cousin squirted me in the face with a water gun".

### **Fond memories of high school:**

### **Career status:**

Retired from teaching in 2007 after 32 years in kindergarten at North Polk Community Schools. Presently I work for ISU as an adjunct lecturer, teaching the Primary Reading and Language Arts methods course and supervising field experience students in the Ankeny area. To satisfy my intrigue with technology I work part time at the Jordan Creek Apple Store as concierge and studio support. (...so I greet you at the door and help you find what you're looking for as concierge OR help with personal training)

### **How I spend my time:**

Mark and I enjoy movie going. Did you know you can see a movie in the theater for \$1 in Ames?? Fabulous! Our favorite pasttime is watching and listening to the grandkids run and play.

### **Comments for classmates:**

You're looking good!

### **Lessons learned since 1969:**

Behind every funny guy there's a girl just shaking her head!

### **When you see me please don't ask:**

Why are you shaking your head? (see above and figure it out for yourself!)
