I am still selling Real Estate with Century 21 have been for 22 years, everything has changed dramatically in the last 2 years, but I am still busy so I stay at it.

Fond memories of high school:

I loved my friends and when I look back at all the pictures I wonder if we really appreciate what a wonderful world we lived in then. Seems like life was pretty innocent and we did not have a care in the world!!!

Career status:

I have been a Realtor for 22 years, I have always enjoyed my career, worked with builders, our area was really growing until about 2 years ago when the bottom fell out of our market, now we sell mostly foreclosures, not a lot of fun, but I am still busy.

Working, visiting family, daughter in Chicago, up at our family cabin in Park Rapids on Potato Lake
