What's happening in our family:

On December 18, 2007, my dad married Kathy Duggan Bullock's mom. We love having Arlene as part of our family and I have a new sister, Kathy, and sister in law, Carol, in our class. Between dad and Arlene, they have 15 children plus spouses and over 85 grandchildren and great grandchildren. Kevin and I have 2 new grandchildren this year making the total 6. No one could have prepared us or explained the fierce love of a grandparent.

Fond memories of high school:

My favorite memories are the friendships, TEC, slumber parties, breakfasts in the park with pj's and curlers, cheerleading football games at Kingston in the pouring rain and beating Regis at anything but especially basketball.

Career status:

I am a loan officer and member service rep at Accentra Credit Union.

How I spend my time:

Enjoying our 6 grandkids is #1. Still being a mom and life coach for 4 even though we are empty nesters. I love quilting, it's very addicting and I still love a good book. Recently, I have been reading books on the Catholic faith. "My Life on the Rock" by Jeff Cavins, "Rome Sweet Home" by Scott Hahn and "Surprised by the Truth" by Patrick Madrid are 3 of my favorites. Kevin and I travel when we can and are looking forward to a trip to Alaska next summer.

Comments for classmates:

It doesn't seem possible that we are celebrating 40 years. How did we get this old?!! Where did the time go? I can't wait to see all of you!!

Lessons learned since 1969:

Life is what you make it.

Happiness is a choice.

God is always faithful.

We may not have learned everything in high school but did get a great ethical, spiritual and intellectual foundation, thanks to the sacrifices our parents made to send us to La Salle.

When you see me please don't ask:

You can ask me anything!
