What's happening in our family?

Travis and Michelle live in Ely so we get to see them and our grand-children frequently. Travis works part-time for UPS and has a Personal Security business. Michelle is the school secretary at Cedar Valley Christian School.

Christina is a Business Analyst in New Haven, Ct.

Angela is a nanny for a family outside of New York City and a Conference and Church Worship leader.

Kari is an accomplished jumping horse trainer, teaches riding lessons, and helps her husband in his music production business. They live in Woodbury, Ct.

Abigail has just graduated from Kirkwood and is getting married this fall to Andrew Rambo.

She's our last one at home.

All of our girls have taken numerous missions trips all over the world.

Fond memories of high school:

The bus trips to games and the dances were fun. Marsha Coppock and I walked to Boheme Town(excuse me- Czech Village) every night after school and laughed all the way home.

Meeting and falling in love with my husband!

Career status:

I was a stay at home Mom for many years. I home schooled different children different years at the same time helping Jim in his ministry as a Pastor. We lived in Florida for 15 years, lived in western Colorado for 10 years, and spent a month in Belize. I am very grateful for adventures of life that I have been blessed with. For the last 10 years I have helped Jim at the House of Prayer in CR., a place of refuge for drug addicts, prostitutes, alcoholics and people who needed to know someone cared about them. Our philosophy was not to enable them in their addictions but to show them a better way.

I still work for the County Auditor at election time.

How I spend my time:

I love to spend time with our children and grand children but after raising kids for 40 years Jim and I aren't going to have (empty nest syndrome) we're ready to do more traveling, bicycling, go to the Bahamas, spend time in the mountains, go antiquing, and just spend time together. We have closed the House of Prayer and are looking forward to what God has for us next.

Comments for classmates:

I thought that I knew everything about Jesus Christ but when I made Him my Lord and Savior I found a personal relationship with Him that totally revolutionized my life.

Trust in the Lord Jesus because He has everything under control.

Lessons learned since 1969:

My parents really did know something!

When you see me please don't ask:

Oh, you can ask me anything because after the House of Prayer, I've heard it all!
