What's happening in our family?

-

Jane is the associate Dean of Learning resources at Scott Community College in Bettendorf, Phi Theta Cappa advisor and the Librarian.

Our son John is engaged to be married to Ann Nguyen, a May 2010 wedding is planned in Honolulu.

Brian is currently serving in the Army in Military Intelligence, he recently was certified as a French linguist with a goal to work with the diplomatic security forces in French speaking Africa.

My Mother still resides in the family home on G Ave NW in Cedar Rapids, all the flood damage to the home has been repaired so she is able to stay there on her own at age 92.

We have two Shelties as part of our family, Tango & Oreo.

Fond memories of high school:

.

Graduation

Watching Basketball games in the LaSalle Gym, pretty good games in those days

The TEC retreats

The retreat at camp IODISECA when our cabin got raided, windows broken, turned cold & miserable and our school was never invited back to use the facilities.

The typewriting class that was given actually has helped me adapt to the computer age.. who'd thunk

Career status:

.

Project Manager in the Worldwide Agriculture and Turfcare division for John Deere.

How I spend my time:

.

I lap swim daily (50 - 55 minutes) 6 days a week at the Bettendorf YMCA. I used to run 25 miles per week but a severe broken ankle changed my exercise routine.

Jane and I built a new home 3 years ago, its a attached ranch villa (condo). I spend a lot of time learning how to cook, make deserts and entertaining friends.

Jane and I love our deck nights sitting out there looking at the stars on warm summer evenings.

Jane and I also love to travel. We are adventursome and plan our own agenda, try to stay in local places and try local resturants. The places we have traveled to are:

France, Spain, Portugal, Germany, Belgium, Netherlands, Luxemborg, Austria, Switzerland, Italy, UK, Ireland, Gibralter (do not reccomend), Czech republic, Australia, Argentina, Chile & Uruguay.

Our next planned trip is in May 2009 to Seattle to see Brian @ Ft Lewis and then on to Hawaii to meet our future daughter in law.

Comments for classmates:

.

If you ever pass through Bettendorf please stop by for some good food, beverage & conversation.

Would love to hear from you, my emails are included.

Lessons learned since 1969:

-

That it is a wonderful world out there. Jane and I have been so blessed to be able to meet people from other lands and cultures. I have learned not to be afraid of challenges.

When you see me please don't ask:

-

Ask me anything, after 40 years after high school, I most likely have been asked any of those questions anyway.
