Sitting down with Fr Heles in his room/office and just talking.
Having a daily cigarette. (only got caught once, but it was a doozy) have quit for 30 plus years.
Glee Club, still remember the Chicago trip freshman year. Brother Hilary was too good to be true.

Career status:

Still in the food industry. Own and operate Nelson's Meat Market.
I am going to retire by 2025 for sure or sooner by natural or unnatural causes.

How I spend my time:

Work, office work, golf, hanging at home in the workshop and a little travel to warm climates in the winter.

Comments for classmates:

Thanks for tolerating me!!!!

Lessons learned since 1969:

It's way more fun to be a goof than a tough guy.

It's easy to have acquaintances but a lot of work to have real friends.

You can't eat and drink all the food and beer in the world, they just make more.

When you see me please don't ask:

Is being bald cold in the winter. Hell yes.

Did you use spell check on theis artile. What do you thinkk?
