What's happening in our family?

JoDee is Dr. Vander Zee's nurse. Her husband T.J. owns Contemporary Auto Body (which comes in handy from time to time!!) Josh is co-owner of Sign Productions. His wife Tracee is a stay-at-home mom.

Fond memories of high school:

All my memories are "fond"... I was one of the ones who actually loved going to school And having such good friends; wanting to live at Carol's house because she did not have to share a bathroom, tub, or place at the table with siblings and she had better junk food, not like our Kool-aide and popcorn!!) and going on vacations with her, and her mom and dad, and growing up with Jane and remembering the Cha-Cha Café!! And thanking God that Sheila was 1 inch taller than me as well as Bill Berry!! In my spare time, of course I liked to go "snipe" hunting, and have the garbage truck driver chase us through Ellis Park, and swimming in Eva's pool with the bats thinking my hair was a nest, and going camping in Alicia's camper, and trying not to get caught for smoking.

Career status:

Retired from Physicians Clinic of Iowa 8 years ago (worked there about 25 years)Expanded my medical transcription business (have 7 staff working part-time -fulltime)sooooo I do not have to work!!!

How I spend my time:

I consider myself as having won the "job lottery".... I am pretty much on vacation all of the time... I do work on-call for Mercy Medical Center Transcription.. so if I feel like working I do!!

I am still spending half my time "up north"(Canada) and the other half on the golf course!!! Still love to hunt and fish...

Comments for classmates:

I am looking forward to seeing you all at the reunion!!!

And I really miss getting together for our mini-reunion when Mary is here from Spain, hope Mary is here so we can expand from a mini to a major!!!

Yvonne... you better be bringing that photo album!!!

Chris: Did I beat you on having the oldest grandchild??????

Jeanne .. are you happy now.. I did finish this!!!

How is Larry doing.. I heard he was really sick.

Lessons learned since 1969:

1. Time sure does fly by
2. If you are happy and you know it "clap your hands"
3. Don't worry, be happy.

When you see me please don't ask:

How much weight I have gained and is my hair STILL really brown!!
